# Spaces & Studio's in De VLUGT

From July 2021, De Vlugt will have a large hall, two production studios and several meeting / workshop rooms that can be rented by creatives. All spaces can be set up extremely flexibly and can be used for many purposes.

#### For instance:

You are a theater maker and you need a rehearsal room for two months where you can do your try-outs.

Your dance company is looking for a studio for the summer period to create a performance with young people.

Your university college wants to give dance lectures in a production studio on Wednesday and Friday afternoons for an entire academic year.

Your social institution wants to hold a series of lectures on international women's rights.

Your start-up does not have a fixed location yet and rents a meeting room for the duration of a week to receive potential partners there.

Parties that have a connection with the profile of the creative broedplaats, the talent development program or the adult cultural program have an advantage, but this link is not a requirement to be able to rent in De Vlugt.
